

## Portland Christian Little School The Two's

"I praise you because I am fearfully and wonderfully made; your works are wonderfully, I know that full well." Psalm 139:14

The Little School uses the Christian based, *Essentials Curriculum* in the Two's classroom. Teachers use the thematic based curriculum, along with other supplemental material, to enhance the learning environment for each child. Developmentally appropriate activities are intentionally planned in order to nurture each child's growth mentally, physically, and spiritually. It is our belief that each child is uniquely and wonderfully made, and because of this, we are committed to touching lives and teaching truth to the little ones that the Lord places in our care.

### Highlights for the Two's
